A Happy Announcement from The Tribble Series...

The 2004 Phyllis Tribble Lectures on the “Children of Hagar and Sarah” are now featured in a book published by Westminster/John Knox Press due out February 2006. Entitled *Hagar, Sarah, and their Children*, the book includes the lectures delivered at Wake Forest University by Letty Russell, Riffat Hassan and Phyllis Tribble. Adele Reinhardt, who also participated in the lecture series, has contributed a new essay on Hagar in Jewish midrash. Another essay, on Hagar in womanist theology is from Delores Williams (professor emerita at Union Theological Seminary). Tribble and Russell edited the book and prepared its introductory chapter.
